**UPCOMING Worship: Sunday, Apr 11th**

What have you been able to plant during this Pandemic? What are you hoping to watch blossom? This has been such a time of pulling back and pulling away – is it time to lean in, to lean forward, and to tend the promise of the seeds you have already planted? Worship service led by our minister, **Rev. Anne Mason**.

**Music:** Our tenor soloist **Nate Ramsayer** will sing Andrew Lloyd Webber's inspirational "Love Changes Everything" (from *Aspects of Love*) and Joni Mitchell's heart-felt and iconic song "Both Sides Now." Guest pianist **Sarah Hager** will play Jean Sibelius's lyrical "The Iris, Op. 85, No. 3" and "The Snapdragon, Op. 85 No. 4" (from *Five Pieces for Piano, Op. 85*). She will also play her own arrangement of George Harrison's joyful song "Here Comes the Sun."

**April Theme: Becoming**

*"You become. It takes a long time. That's why it doesn't happen often to people who break easily, or have sharp edges, or who have to be carefully kept. Generally, by the time you are Real, most of your hair has been loved off, and your eyes drop out and you get loose in the joints and very shabby. But these things don't matter at all, because once you are Real you can't be ugly, except to people who don't understand."*

## STARTS TODAY: *The Artful Brain*

Whether you are listening to music or composing it, viewing a painting or designing it, eating a gourmet meal or cooking it, your brain is seeking beauty, constructing art. The drive to create and experience art—with little apparent survival benefit for the species — is one of the most distinctive things about humans: there are no known cultures where art and music and artful cooking are not central to the fabric of the culture itself.

**Tuesdays @ 4:00 - 5:30 PM**  
**April 6, 20, 27 & May 4**

In these four sessions we will explore how our brains create beauty from mere patterns of sounds and silence, color and shape, taste and smell. In particular, we will explore a few iconic objects of art—e.g., Beethoven's Eroica, DaVinci's Mona Lisa—examining what we know about how and why our brains are attracted to them especially. Along the way we will explore whether the brain creates beauty in the same way across different media, across different individuals, and across different cultures.

## UU Mass Action Advocacy Day

Let's fill the MA Legislative Chamber with UU values. Never lobbied before? Now is the time. Have experience? Now is the time to share. First Parish's Racial Justice Team, Preserving Our Democracy Team, and Climate Action Team invite you to join them at

**April 13**

**Rev. Anne is fully vaccinated.** She is looking forward to making pastoral calls - in person! If you would like Rev. Anne to **come by your house, to visit on your porch or in your garden**, please feel free to make an appointment.

She will try to limit the number of visits per day, so as to limit any possible contagion, and we will all continue to **observe social distancing**.

**Email:** [Minister@FPLex.org](mailto:Minister@FPLex.org)

It has been such a long time since we have been able to be in each other's presence - it will feel like such a gift to be able to be together.

## 12th Season OPEN

*Spring has really arrived when the **Lexington Interfaith Garden** opens for the season on the property adjoining the church. And we are opening for our 12th season of growing organic produce for Lexington's Interfaith Pantry. **First Parish** is one of a dozen faith communities to work the Garden. We invite you to come join us - no experience necessary. And you can sign up for just one shift to try us out. We are following COVID procedures to help ensure safe gardening. We have fun; we meet new people; and we help meet the Pantry's urgent need for produce. Since COVID,*
